Roadman of the Year Road Points Competition 2018

The Roadman of the Year Competition is open to all licensed racing members (trial riders do not score points). Money presentations are made to the first ten riders in the points classification and the winner will also be presented with the Club Points trophy and replica.

Points will be awarded for each race listed below with the exception of the Herne Hill event on 14th October. The **best 20 performances** will be counted for the competition awards. Licensed racing members receive 5 starter points. Place points are also awarded to at least the top 20% of the class or grade.

- The handicapper shall keep a record of all results, placings and points. Placings will be published and updated on the website and in the monthly WCMCC newsletter.
- Our aim should be to create larger bunches (groups) of riders to stimulate interest and competition.
- The points score shall start with the Dog Hill event on 6th May. Points in the Road Championships will be awarded according to 10 year age groupings.
- Note that ladies will compete in their own age categories, and in the championships if there are insufficient ladies to form categories they will be allocated to ride in a division 15 years above their actual age division.
- Events are restricted to AVCC licence holders. Details of all events will be published in the WCMCC *Newsletter*, but check our web page for possible changes.
- The number of grades will depend on number of entries on the day, and if sufficient turn up E grade rides will be arranged.
- Complaints and Appeals should be **made in writing** within 30 minutes of the finish of a race and handed to the referee or race judges.
- If there is a bunch finish, you might be asked to report to the judges immediately after the finish so as to claim your place.
- **One or two hand victory salutes are forbidden**. Anyone transgressing this racing rule will be penalised.
- Race duration may be altered at the discretion of the referee. The race referee(s) may also cancel or stop any race for any reason, as they see fit, including predicted weather conditions.
- In conditions where the predicted ambient temperature exceeds 35 degrees C during an event:
- The race referee(s) may withdraw a rider from any event if they believe the rider is in significant distress and/or maybe a danger to the safety of themselves and/or other competitors.
- As individuals have different tolerances to heat levels, it is the rider's responsibility to ensure that they are 'competent' to handle race conditions on the day.
- For information and guidance, see Resources and Advice from Sports Medicine Australia.
